BUY COLORADO

A Real Estate Road Map For Finding Your Home

FIND COLORADO REAL ESTATE

SELLING AND

We can recommend lenders who will help you close on a new home before listing your old, which has several advantages. Or, if you want to simultaneously buy and sell, we'll help you strategize the best plan of action to ensure a smooth transition.

CASH SALE

We work with local cash buyers to achieve quick, as-is sales with minimal real estate fees.

OTHER UNIQUE CIRCUMSTANCES?

Even after selling hundreds of homes, we still see each listing as unique. We are happy to work with your situation and make a listing plan suited to your needs.

FIND YOUR MARKETING ADVANTAGE

STAGING

At Find Colorado, we've seen the powerful effect staging has on listings. So, on our behalf, a professional stager can come to your home and offer you custom staging and decorating advice.

FABULOUS PHOTOGRAPHY

Find Colorado works with tried-and-tested professional photographers who consistently take beautiful, high-quality photos that will make your listing memorable.

DRONE PHOTOGRAPHY & VIDEOGRAPHY

By capturing your property from the air, we can highlight some of its most marketable assets: neighborhood and outdoor features like pools, porches, and views.

LISTING FLIERS

Your listing will captivate buyers with an engaging headline, beautiful photographs, and a well-honed description that highlights your home's best features.

Berthoud, CO 80513 | $540,000

A conveniently located 4 bed, 3.5 bath built in 2015 in the Gateway Park neighborhood, this home features an office, vaulted ceilings, mountain views and a southern exposure to create a sunny and spacious work-from-home setting. When it's time for a break, follow the walking path through the nearby park to the pond that sustainably supplies the home's sprinklers, take advantage of the installed hot tub connection, or set up your hobby space in the finished basement. Mature raspberry bushes and no metro taxes give a nice taste of the rural life. Give us a call to tour this well-maintained home the moment it hits the market.
